

# WATER QUALITY PROGRAM

Welcome to water quality at home! During this program you will be learning about the chemical and biological tests used to determine water quality, the quality of water in Niagara, as well as the ways we contribute to water pollution at home.

**Step 1:** Watch the presentation found at <https://www.canva.com/design/DAD4VMQaHe0/f2aUv3pdgXHAUC0ME85kzg/view>

**Step 2:** Complete the Phosphate Finder and Sulfate Sleuth activity

NIAGARA PENINSULA
