

Appendix C: Example Disclaimer Introduction Box for Mapping

The mapping is for information screening purposes only and shows the **approximate** regulation limits. The text of Ontario Regulation 155/06 supersedes the mapping as represented by this data layer. This mapping is subject to change. A site specific determination may be made by the NPCA.

This layer is the approximate limit for areas regulated under Ontario Regulation 155-06 – NPCA: Development, Interference with Wetlands and Alterations to Shorelines and Watercourses, which came into effect May 4, 2006 and was amended February 7, 2013. The Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation affects what and where a Conservation Authority can regulate. Specifically, this regulation allows the Conservation Authority to:

- 1) Prohibit, regulate or provide permission for development if the control of flooding, erosion, dynamic beaches, pollution or the conservation of land may be affected by the development.
- 2) Prohibit, regulate or provide permission for straightening, changing, diverting or interfering in any way with the existing channel of a river, creek, stream, watercourse or changing or interfering with a wetland.
